## REV. F. L. MIGNOT FOUND GUILTY BY JURY AT 2:20 P.M.

Rev. Fr. Francis L. Mignot was found "guilty as charged" by the jury at 2:20 o'clock this afternoon.

An Adams County jury at noon today was determining whether the attempt of Rev. Fr. Francis L. Mignot, former Paradise Protectors pastor, to establish a trucking concern to give employment to the graduates of the Abbottstown orphanage led him to commit a criminal act.

The jury hearing the "cheating by false pretense" charge brought against the priest by Philip Miller, Gettysburg R. 4 farmer, auctioneer and real estate and machinery dealer, retired at 11:30 o'clock this morning to deliberate its verdict. At 12:15 o'clock the court directed that lunch be brought to the jurors.

Trial of Rev. Fr. Mignot began Tuesday afternoon when the jury hearing the burglary and larceny case against Raymond S. Williams, 44 S. Washington St., began its deliberations.

### Convict Williams

While the Mignot trial was in progress the Williams jury returned at 3 o'clock with this verdict against Williams: "Guilty of larceny with recommendation of leniency. Not guilty of burglary because of lack of evidence." Williams Weikert was foreman of the jury.

Testimony at the Mignot trial Tuesday and today showed much agreement between parties.

Both Miller and Father Mignot were in agreement that the priest had borrowed \$32,300 from Miller. The priest told the court it was his debt and he expects to repay it as he can.

He testified that he borrowed some of the money to establish a trucking concern to give employment to graduates of the Paradise Protectors, so that the "boys coming out of the school" would have something to look forward to in the line of employment.

### Cites Several Loans

Miller said Father Mignot came to his home on May 20, 1954, "wanting to borrow \$25,000 to \$30,000." Miller said he had no such sum available and that he wasn't in the lending business. Father Mignot, according to Miller, said that he had a first and second mortgage on a farm he had bought, that he owed some money on a car and boat. Miller said he gave Fr. Mignot a check for \$8,300, the amount he had available at that time. Fr. Mignot told Miller, according to latter's testimony, that he wanted to pay off the first and second mortgage and other debts, because "every time he paid the interest 200 people knew it." Miller was to receive a first mortgage on the farm in return for the loan.

Miller said other checks were \$8,700 on May 27, 1954; \$8,300 on June 10, 1954, and \$9,000 on July 16, 1954. Miller said he had to borrow the money to make the last loan.

Father Mignot said he agreed to the amount of the loans and that he planned to give Miller a first mortgage, that he had suggested a six per cent interest rate and had

## BESHORE TALKS TO KIWANIS

Andrew S. Beshore, co-ordinator of the Education and Information Unit of the Bureau of Highway Safety, Harrisburg, guest-speaker at the weekly meeting of the Kiwanis club Tuesday evening at Bankert's restaurant, cited several instances in connection with his work which he said, "proved very beneficial to individuals in need of help, especially those who were crippled and unable to get the medical assistance they needed."

The gathering was an interclub meeting with Harrisburg Kiwanis members. Walter Hoopes, president of the Harrisburg club, was present, along with the following: William Watson, district secretary; C. M. Nisley, Harold Beckley, Edward F. Kramer, secretary; John W. Kilpatrick, E. R. Long, George Lemrick, Herbert Klink, Claude Merrill and Wallace K. Rohrbach. An additional guest was J. E. Tritle of the Chambersburg club.

Charles S. Graham, Gettysburg resident, presided. Edward Beamer, Cavetown, Md., showed a film on "Welcome to Washington" showing the pictures of the various branches of the government and the President's inauguration.

There were 28 members and guests in attendance.

### FINGER IS AMPUTATED

L. S. Long, Gettysburg R. 3, had the ring finger on his right hand amputated at Warner hospital on Tuesday. His condition is satisfactory.

## Krape Expects Best Fair Art Display

Ernest Krape, Gettysburg R. 5, chairman of the Art and Handicraft exhibit at the South Mountain Fair, September 4-8, has announced that this year's exhibition promises to be larger than ever before.

Krape expects much improvement in quality in the competition for the \$100 in prize money. Judges for the exhibition will be Dr. William K. Sundermeyer, head of the art department at Gettysburg College, who will judge the paintings, and John Byers, Littlestown artist and teacher, who will judge tileware and handicrafts.

Entries will be received from 7 to 9 p.m. on Monday, September 3, and all day Tuesday until 6 p.m. All work must be in at that time in order that the program can be completed. Judging will be done Wednesday, morning and the exhibition will be open to the public as soon as the winners have been selected.

## FAIRFIELD'S JOINT SCHOOLS OPEN TUESDAY

The Fairfield Joint Schools will open Tuesday at 8:30 a.m. School will close at noon on opening day. No cafeteria services will be provided at school during opening week. Sandwiches and milk will be on sale at the high school building and milk at the other buildings.

Buses will operate on the same schedules and over the same routes as last year.

The assignments are as follows: Pupils living in the Orrtanna area in Grades One to Six will attend the Orrtanna school unless otherwise notified by mail.

The Fairfield building will house the First and Second grades. These pupils will be from Fairfield borough and other sections of the district. The pupils who are to attend this school who live outside the borough will be notified by mail. All other pupils, with the exception of those living in the Orrtanna area, will attend the elementary school at the high school building.

### New Teachers

The new teachers are: Mrs. Louise C. Tarman, Gettysburg, will teach history, reading and spelling, and the girls' physical education classes. She is a graduate of Gettysburg College.

Mrs. Elva J. Kroeger, Gettysburg, will teach are and English. She is a graduate of Hartwick College, Oneonta, N. Y.

Mrs. Florence Claus, Gettysburg, will teach the First grade. She is a graduate of Texas Teachers College.

Faculty members at the high school will be: Betty Bishop, Jane L. Bowers, Edgar Glenn, Robert Leiter, John McAndrews, Helen McClellan, Paul Sponseller, Richard Straup, Marie Weissenfluff, Louise Tarman and Gwendolyn Hall. The vacancy in the industrial arts department has not yet been filled.

Elementary faculty members will be: Hazel Carson, Janet Himes, Margaret Kepner, Kathryn Kunkel, Marion Mickle, Shirley Lemon, William Mickle, Sara Miller, Ruthetta Sheads, Gladys Walter, Florence Claus and Robert M. Reinhold, elementary principal.

Mrs. Dorothy R. Barley is the music instructor, Charles C. Rogers, the band director and Mrs. Elva J. Kroeger, the art teacher. Mrs. Esther M. Crist is the school nurse and home-school visitor and George B. Inskip is the supervising principal.

## OFFER 3 NEW FAIR FEATURES

Three new classes are being featured this year in the needlework division at the South Mountain Fair. New and antique sunbonnets, coverlets and all types of novelties are being sought.

Mrs. Walter Frederick asked those submitting coverlets to bring with them all possible information relating to their age and the name of the design. Some of the old coverlet designs, she said, had names which were "most meaningful and would provide fascinating information to those visiting the needlework exhibit at the fair."

She added, "Each year people have been bringing novelties to the fair, and previously we did not have a classification for them. Now we have such a classification and all types of novelties are welcomed."

The plain sewing premium list has also been changed to permit inclusion of all types of materials. Previously there were no premiums for the new types of fabrics.

Exhibits will be accepted at the needlework building from 7 to 9:30 o'clock Monday evening and from 10 a.m. to 6 p.m. Tuesday. The fair opens Tuesday evening at 6 o'clock.

See Kieffer's advertisement on Page 2. On Baltimore St., Hanover, just off the Square. Open every evening.

## BIGLER SCHOOLS OPEN THURSDAY; ASSIGN PUPILS

Assignment of approximately 650 students to classrooms at the Bigler High School of the Upper Adams Joint School system was announced today by L. V. Stock, supervising principal of the jointure.

Schools throughout the jointure will reopen Thursday morning at 8:30 o'clock. All day sessions are scheduled for Thursday and Friday. There will be no school Monday, Labor Day, and then half day sessions will be held from Tuesday morning, September 4, through Friday, September 7.

The half-day schedule will enable the students to participate in the South Mountain Fair and also will provide an opportunity for many to participate in the peach harvest, Stock said.

Pupils who were not in attendance in the school system last year, except those children who attended the pre-school clinic last May, registered today.

The assignment of pupils at Bigler High School follows: Homeroom No. 1, Section 7-1, Lawrence W. Gulden, teacher. Students and locker numbers:

## Will Open Improved Road In September

The opening of the improved Hanover-Littlestown road to traffic is expected early next month, it was announced by supervisors of the construction project Tuesday.

Remaining backlogging of about 3,700 feet of roadway is expected to be completed today. Backlogging of private entrances and completion of the shoulders will follow.

Inclement weather and the steel strike were given as reasons for the delay in completion of the project. The construction firm was getting stone from the Bethlehem Mines when the steel strike occurred. A change from the nearby quarry to Gettysburg put the work behind schedule, it was said.

## Youth Council To Hold 3-Day Retreat

The Adams County Christian Youth Council will hold the annual weekend retreat at Camp Thompson near Laurel Lake, Sept. 7, 8, 9. The theme for the weekend will be, "Christ, Thy Guiding Radiance." There will be a discussion period on the three topics, faith, witness and fellowship.

The speakers will include Rev. Chauncey Varner, director of youth work, Harrisburg; Rev. Howard Smith, Dillsburg; Rev. Verle Schumacher, Fairfield; Rev. Percy Brown, Mt. Holly Springs; Rev. Robert Shaul, Arendtsville; Carl Koch, Mechanicsburg; and George Knisely, Dillsburg.

Registration blanks will be sent to the various churches in the near future. All young people from ages 14 and upward are invited.

## DENGLER NAMED REC BOARD HEAD; OTHERS ELECTED

Kenneth R. Dengler, York St. grocer and past exalted ruler of the local Elks, was elected president of the Gettysburg Recreation Board Tuesday evening succeeding Guile W. Lefever, principal of Gettysburg High School, who asked that he not be renamed after serving four years in the post.

Councilman C. Donald Rebert was named vice president. Re-elected were Councilman M. P. Hartzell, secretary, and Mrs. G. Donald Wickerham, treasurer.

The election followed the annual meeting of the Gettysburg Recreation Association held at the engine house, E. Middle St., at which Dengler, Mrs. Wickerham, Russell Maitland and Donald Peters were re-elected to terms as members of the Recreation Board.

### Office Planned

Plans have been completed to provide an office for the recreation director at the Gettysburg High School, retiring President Lefever said. A telephone will be installed at the office in the near future.

Donald Peters reported several families have contacted him to seek permission to hold family reunions at the recreation field next summer. The board asked that families planning to use the facilities of the Recreation Field for reunions notify the Recreation director in advance so that the dates may be held for them and arrangements made to have full facilities available.

Increased number of family picnics at the Recreation Field on Sundays led the board to a discussion of methods of providing toilet facilities at the Recreation Park on Sundays. If the number of picnics there increases next summer as it did this summer, some arrangements will need to be made to have all facilities available on Sunday as well as the remainder of the week, the board held.

Director Peters reported the Gettysburg Fire Department plans to complete the fence around the Recreation Field this fall. President Lefever reported plans to put water-proof painting on the concrete block buildings at the Recreation Field.

## Mrs. F. E. Craver Honored By AAUW

Mrs. Forrest E. Craver Jr., of 425 South Washington St., has been named International Relations chairman of the Pennsylvania Division, American Association of University Women.

A graduate of Wilson College in 1936, Mrs. Craver is associated with her husband in the Wayside florist business. Her appointment came from Mrs. J. C. Tongren of Erie, state AAUW president.

Mrs. Craver was first president of the Gettysburg AAUW branch, serving from 1946 to 1948. She served her branch as legislative chairman for three terms and represented the branch in Neighborhood Conference workshops.

She is a member of the Gettysburg Borough Planning Commission, past president of the Gettysburg Civic Council, a member of the YWCA board, the Adams County Council of Republican Women, and active in youth work in the Methodist Church.

She will attend a state board meeting in Johnstown September 21.

## MELVIN J. KANE FATALLY HURT TUESDAY NIGHT

Melvin James Kane, 50, Cashtown, was fatally injured Tuesday night at 8:40 o'clock when his car left the Orrtanna Rd. 13 miles north of Fairfield, struck two poles and rolled over.

Dr. C. G. Crist, Adams County coroner, said death was instantaneous, occurring from a compound fracture of the skull, a broken neck, fracture of the right pelvis and right thigh.

Kane was driving from Cashtown toward Fairfield when the accident occurred, state police said. The car apparently left the road and struck a utility pole, then continued on, rolled over, crashed into telephone pole, breaking it off, and finally came to rest on its top, about 15 feet off the road.

### Serving As Juror

Gettysburg firemen, called to the scene with the rescue truck, found Kane lying almost in the middle of the road. Dr. Crist, arriving a few moments later, pronounced the accident victim dead, and the body was removed from the car.

He was serving on the August term of the Adams County jury and had been called Tuesday afternoon for duty with the jury hearing the Rev. Mignot case currently before the court, but had been among those challenged by the attorneys and was excused from that duty.

A member of the Cashtown Fire Department, he had been scheduled to attend a meeting of that group Tuesday night, but because of his jury duty, fire company officials had been unable to reach him to notify him of the meeting.

### County Native

The deceased was born in Adams County, the son of Mrs. Margaret Kimple Kane, Orrtanna R. 2, and the late George Kane. He attended the Adams County schools. He was a farmer and fruit grower until 1947 when he sold his farm and became associated with Cameron Hoffman, Arendtsville implement dealer, as parts manager and salesman. For the past six years he has been an appliance salesman for Weishaar Bros. in Gettysburg.

He was a member of St. Mary's Church, Fairfield; the Holy Name Society, Cashtown Fire Company, Adams County Firemen's Assn., and the Moose and Eagles lodges of Gettysburg. He had been a school director in Franklin Twp. for about six years and also justice of the peace there. He also served on committees in the Gettysburg Joint School District.

Survivors besides his mother include his widow, the former Miss Jessie Marshall to whom he was married in 1928, and two sons, Richard J., Gettysburg R. 3, and Eugene J., Cashtown; two grandchildren, and three brothers and sisters: Mrs. Harry Baker, Harrisburg; Paul A. Kane, Orrtanna; Dale Kane, Hagerstown; Theodore and Edwin Kane, Lemoyne; Miss Helen Kane, Orrtanna R. 2, and Joseph Kane, Biglerville R. 2.

Funeral services will be held at the Bender Funeral Home on Friday at 8:30 a.m. followed by a Requiem Mass at St. Ignatius Loyola Church, Buchanan Valley, at 10 o'clock. Rev. Fr. Louis Yeager will celebrate the mass. Interment will be in the church cemetery.

The family will receive friends at the Bender Funeral Home Thursday evening from 7 until 9 o'clock. Rosary will be recited Thursday at 8 p.m.

## COLLINS FIRM REMAINS ACTIVE

Mrs. Mary Ruth Collins, widow of the junior partner and daughter-in-law of the senior partner of L. U. Collins and Son plumbing and heating contractors, announces in a display advertisement in today's edition of The Times that she will continue the business established in 1885.

The firm's work will be done by Alvin Conover who has had 13 years experience in the plumbing business in Adams County. Work unfinished by the Collinses at the time of their deaths can be completed by calling Mrs. Collins, she said.

L. U. Collins and his son William died on Aug. 16 while installing a pump at the Mineral Orchard near McKnightstown. While pumping out the well the younger Collins was overcome by gas fumes. The elder Collins, who had lost a hand in an earlier accident, descended into the well to try to aid his son and also lost his life.

Both were natives of Adams County. They had been associated in business since 1939 when the son graduated from Gettysburg High School.

### ACCIDENTALLY SHOT

Leo Worley, 19, was treated at the Warner Hospital Tuesday for an accidentally self-inflicted gunshot wound of his right thigh. The accident occurred while he was visiting his grandfather, W. A. Crabbe, Littlestown.

## FRED G. TROXELL RESIGNS FROM GHS FACULTY

Fred G. Troxell, Baltimore St., veteran school teacher, today submitted his resignation as a member of the Gettysburg High School faculty, it was revealed by Dr. L. C. Keefeauver, supervising principal of schools.

The resignation was the result of a recent change in his teaching program and upon the resultant advice of his physician, according to Prof. Troxell. For the last 22 years Troxell taught senior high school mathematics here.

He graduated from Gettysburg College in 1908 and received his master's degree from the college in 1912. He taught mathematics at the college from 1908 to 1916 after which he joined the faculty of Steelton High School where he served until 1923, being principal for several years. In 1923 he accepted a similar position at Hanover High School and also was principal of the school for a number of years.

After 11 years at Hanover, he joined the local faculty in 1934.

## Traffic Survey Is Completed

The traffic survey of Gettysburg and surrounding areas, conducted by the Pennsylvania Department of Highways under the direction of Richard S. Hackman, traffic engineer, was completed today.

The work started June 20. Thirty-three men and women were employed. The total cost was estimated at \$29,000 most of which was paid by the state.

The report, expected to be completed next summer when it will be presented to Council, will be the most exhaustive ever attempted here. It will exceed 150 pages and will include approximately 15 "flow charts" indicating flow of traffic at various points in and near the borough. The traffic survey made on some sections of the Battlefield will also be included in the official report.

Hackman today expressed his thanks and appreciation to his survey force and to those who cooperated in the effort.

"We have had excellent cooperation from practically everybody. Our forces did fine work, the tourists were congenial and readily answered our questions and town residents did their part in helping to make the survey the success that I am sure it is. The final report will be very interesting and revealing," Hackman said.

## 1957 Clipper Will Be Seen In January

The Studebaker-Packard Corp. announced today that its 1957 Packard Clipper will be introduced in January.

The announcement was telegraphed to David C. Forney, of Forney and Son, Packard distributor here, this morning by Charles D. Yengling, zone manager, Philadelphia.

The announcement read: "I am glad to announce that Studebaker-Packard will introduce its 1957 Packard Clipper in January with production now scheduled to start in December. Public announcement in tomorrow's newspapers follows conference today with the Packard Clipper Dealer Council. I know this news will help you carry out aggressive sales programs to clean up 1956 models."

## Boy, 7, Is Injured In Headon Collision

Cars operated by James H. Gaunt, 43 of Charman, and Joseph W. Squires, 22, of Dillon, S. C., were damaged in a head-on collision on the Pennersville road, six miles east of Waynesboro, Monday. Damage to the Gaunt car was estimated at \$95 and to the Squires car at \$75.

State police reported the two cars, traveling in opposite directions, skidded into each other as they met on a sharp curve.

David Lee Gaunt, 7, son of the Charman man, suffered contusions of the forehead but did not require medical attention.

## MRS. C. R. OHLER DIEST TUESDAY IN TANEYTOWN

Mrs. Carrie R. Ohler, 84, widow of Albert J. Ohler, died at her home in Taneytown, Tuesday afternoon at 3 o'clock. She had been in declining health since June.

A daughter of the late Samuel and Mary Fair Null, she is survived by four children: Raymond J. and Merle S. Ohler, Mrs. Wesley M. Shoemaker, Mrs. Charles F. Rohrbach; seven grandchildren, eight great-grandchildren, and one sister, Mrs. Grace Brower. All survivors are residents of Taneytown.

Mrs. Ohler was a member of the Trinity Lutheran Church, of the Hope Department of the Women of the Church and of the Adult Bible Class.

Funeral services Friday at 10:30 a.m. from the late residence in charge of the pastor, Rev. Stanley B

an annual report showing "more activity than ever before." Howard Shoemaker headed the adult school which held classes over a ten-week period during the winter. Shoemaker also conducted the community basketball league which operated twice a week over a 12-week period. "The basketball league with eight teams was the most successful such program we have had," Fred Haehnle was in charge of 32 Saturday night youth dances which attracted from 75 to 180 young people each Saturday night.

During the summer, according to Lelefer's report, Recreation Director Chester Hilger, Howard Shoemaker, Donald Bickie and Mrs. Louise Tarman conducted a complete program of activities at Recreation Field. In addition to the regular duties the directors served as officials for the Big Little League, aided the Little League, prepared the fields for the two baseball leagues and the softball league, conducted a midweek league baseball circuit, operated a basketball league and even provided swimming instruction at the college pool. Mrs. Carroll Arter provided a crafts program which is to be repeated next year. Dances were held weekly, with square and folk dancing instruction provided during the last month by the Senior Extension club. A Junior Olympics was held at the closing of the Recreation Field's formal activities.

**Touch Football**  
The fall program, Lelefer said, "will feature a touch football series for grade school youngsters, and during the winter basketball will be conducted for the youngsters at the high school gym."

Dances will be resumed with the opening of school, the board learned, and numerous other activities are scheduled by the association for this fall and winter at the high school.

An increased emphasis on activities for girls will feature coming recreation events. "We have developed an excellent program for the boys," Board Member Rebert held, "but we must get our girls' activities program up to equal the boys' program."

**Shuffleboard Courts**  
The possibility of installing shuffleboard courts at the recreation field was discussed, with several members reporting that shuffleboard is becoming increasingly popular in other communities for persons of all ages.

The treasurer reported a balance of \$4,341.53 in the Recreation Association account.

The possibility of financing the recreation program by borough tax instead of through community chest donations was discussed, with retiring President Lelefer asked to prepare details showing costs, etc., for presentation to borough council for its consideration.

## LEADER SPEAKS

(Continued from Page 1)

soldier, has declared "war is preposterous; war is incredible." He always speaks softly, never waves a big stick, and is constantly seeking for new avenues of adjudication.

"I believe that while churches should not take sides in partisan politics, because they are bigger than partisan politics, they and their members must be an active force for decency and justice in the life of their community."

**Phenix City**

"Phenix City, Ala., was cleaned up of all its vice because a group of local ministers said: 'This has got to stop.' Conversely Kansas City, Mo., one of the finest towns in America, became so terror-ridden that FBI agents were shot down in its Union Station. The hottest criminals in the country could go there for protection when no other place would have them, because, to some extent, the church people were unwilling to stand up and be counted in the life of their community."

"I don't mean that the church should look in everybody's icebox once a week to see if there is any beer inside or to legislate whether shorts should be so many inches long or so many more inches long. These things are extremes and will work themselves out."

"What church people have got to do is forget petty, relative things and focus attention on issues that really count. The issue that takes precedence today over fire problems, labor, welfare, and the New York Giants is the fact that we must learn that we are common children of a common God. And that we must learn to live together or die together."

### BROTHERHOOD TO MEET

The Men's Brotherhood of Trinity Lutheran Church, Taneytown, will hold a dinner-meeting next Wednesday evening in the church school auditorium. It will begin at 6:15 p.m. The Grace Evangelical and Reformed Church Brotherhood of Taneytown will be guests. Dixon Yaste, of Union Bridge, will speak. Any member desiring to attend and who has not been contacted is asked to notify George Naylor Jr. or Merle Ohler.

Gift-Loper

**M. Marie Loper**, daughter of Mr. and Mrs. Ernest Loper, East Berlin R. 2, became the bride of John Luther Gift, East Berlin R. 2, son of Mrs. Sarah Conrad, Carlisle, at a ceremony on Saturday in Hanover Church of God.

Mr. and Mrs. Chester E. Loper, the bride's grandparents, entertained afterwards at a reception in their home at Pine Run near New Oxford.

Kaiser-Wolfe

**In a double wedding ceremony** Saturday at 5 p.m. in the Piney Creek Church of the Brethren, Miss Leen Kaiser, daughter of Mr. and Mrs. David Kaiser, became the bride of James G. Spalding, son of Mr. and Mrs. Harry Spalding, and Miss Mary Ann Wolfe, daughter of Mr. and Mrs. Eugene Wolfe, became the bride of the Kaisers' son, James M. Kaiser. All are residents of Littlestown R. 2. The ceremony was performed by the Rev. M. A. Jacobs.

Following the ceremony, a reception was held at the Spalding home. Mr. Kaiser is employed as a farmer by J. H. Spalding, Littlestown R. 2, and Mr. Spalding is a driver-salesman for Steele's Laundry, Hanover. Both couples will reside in the Littlestown R. 2 area.

**Mrs. Henry M. Hartman Jr.**, and two daughters, Sandra and Patricia, Baltimore, formerly of Gettysburg, will leave Washington, D. C., by plane Friday for San Francisco, Calif., where they will await orders to board a ship which will take them to Japan where Lt. Col. Hartman is stationed with the U. S. Army. He is the son of Mrs. H. M. Hartman, Springs Ave.

## Four Alleged

(Continued from Page 1)

18 and held in \$100,000 bond as a material witness in the attack.

Two other alleged conspirators in the attack were arrested Aug. 17. They are Joseph P. Carlini, 43, who is not related to Charles, and Gendolfo Miranti, 37.

The FBI gave this account of how the gang allegedly mapped out and executed the attack:

Johnny Dio and Tuso met with Miranti at his candy store a few days before the attack. Miranti then got in touch with Bando, who, through Joseph Carlini, procured the services of Telvi.

After the attack, Manti hurried to a meeting with the two Dios and Tuso. He reported to them that the job had been done.

But he had some bad news. Some of the sulphuric acid aimed at Riesel's eyes had splashed on Telvi's face.

Miranti was therefore ordered to make certain Telvi did not run to a doctor for treatment.

The FBI has said Telvi was later wiped out because his acknowledged fake made him a living, tell-tale link to the crime.

## REV. F. L. MIGNOT

(Continued from Page 1)

signed a note and a IOU for some amounts. He admitted sending Miller a letter September 6, 1954, saying that he was "leaving Paradise but will have everything straightened out for you within a short time. Please keep this confidential as you have done up to this time."

**\$40,000 Policy**

The point of difference between the testimony of the two men concerned a \$40,000 insurance policy. Miller claimed Father Mignot in seeking the loan told him that Mignot's father had been an insurance man, that early in the priest's life \$40,000 worth of life insurance had been taken out and that it had matured and Father Mignot would get the \$40,000 in August, 1954.

Miller said he knew Father Mignot made only about \$100 a month salary, and that he would not have lent the money if the priest had not stated that the insurance policies would soon permit repayment of the debt. Miller claimed that Father Mignot assured him each time more money was borrowed that the \$40,000 would soon be paid and the debts repaid.

Miller added that when Father Mignot came for the fourth loan, Miller asked, "What are you doing with all that money, Father, playing the horses?" The priest, Miller said, then told him of the trucking business and again assured Miller that the insurance money would soon be arriving.

**Denies Huge Policies**

Father Mignot admitted that his father was an insurance agent. But he testified that he had never mentioned a \$40,000 policy coming due and that while he mentioned insurance he was referring to a \$7,500 policy of his own, plus other insurance he planned to obtain to prevent a loss to Miller in the event Father Mignot died before making repayment. Such insurance, however, was never secured, he added.

Miller and his wife testified that when Mr. and Mrs. Miller visited Father Mignot in a hospital at Philadelphia "around Thanksgiving" of 1954, Miller asked the priest, "Why did you tell me about the \$40,000 insurance?" and the priest said something about having tried several times to see the doctor to get insurance, but the doctor was busy every time.

Attorney John Bream, Harrisburg, who with Attorney Basil Shorb, York, and Attorney Donald M. Swope, Gettysburg, represented Father Mignot, accused Miller of seeking to have the Protective or church assume Father Mignot's debt and failing that, "at the last moment," brought the criminal action against the priest.

Bream asked Miller why he had waited so long to see Father Mignot, "when August passed and you didn't get your money." Miller said he had been unable to locate Father Mignot.

In cross examination District Attorney Daniel E. Teeter asked the priest: "What is your address now?" Father Mignot turned to Attorney Bream and asked, "May I tell him?" Receiving an affirmative nod, he replied, "North New Jersey."

Miller testified that the farm owned by Father Mignot had been sold at sheriff's sale, but that he had received \$7,546.05 of the money he had lent the priest through sale of a car, trucks etc. that had been bought by the priest.

The jury hearing the case includes: David Hykes, New Oxford R. 1; Fred Williams, Gettysburg; Mildred Benner, Gettysburg R. 1; James Myers, Fairfield R. 2; Ray Shetter, Biglerville; Mrs. Pauline Lott, Gettysburg R. 2; John H. Carter, Gettysburg; Rev. Charles E. Held, Gettysburg R. 1; Arthur Dykman, Gettysburg R. 1; Vida E. Rice, Arendtsville; Earl W. Crum, Biglerville, and Arthur L. Cluck, Bendersville.

### Occupants Unhurt

In Tuesday Crash

No one was injured when two cars collided Tuesday afternoon at 3:45 at the intersection of the Hanover-Westminster Rd. and a township road near Littlestown.

State police said Charles W. Arnold, 66, Hanover was making a left turn when his car and an auto operated by James F. Oliver, 32, Baltimore, collided. Damage was estimated at \$500 to the Arnold car and \$450 to the Oliver auto.

# State Will Get 1,400 Miles Of Highway Under New Measure

This, the second of a four-part series on the new interstate highways network, deals with how it will affect Pennsylvania's 100,000 mile road system. It details where the new roads will be located in the commonwealth and tells what has already been done.

**By DICK HOENIG**  
HARRISBURG (P) — By the end of the year Pennsylvanians will know the route number and precise location of new highways that are to become part of the national interstate system.

The bureau of public roads in Washington plans to act after Dec. 15 on all interstate system proposals submitted by the various state highway departments.

John L. Stinson, district engineer for Pennsylvania, said that each state must submit its overall proposals for inclusion in the 41,000-mile network before the end of the year. Sept. 15 has been fixed as the deadline for submission of state requests for additional mileage under the extra 1,000 miles the 1956 congress added to the original system.

**Will Withhold Request**  
The Pennsylvania Highways Department does not intend to make public its requests before the federal bureau acts.

"It is anticipated that the locations of the remaining sections of the interstate system which have not been approved will be pretty well defined by the first of January," Stinson said.

"This is necessary in order that a progress-report be put before Congress in January 1959 can be properly evaluated — in other words we have to know where we are going before we can make up a comprehensive estimate of work."

## Will Get 1,400 Miles

Pennsylvania's share of the safety-designed interstate system to date has been fixed at 1,400 miles of the 41,000 mile national total. The entire system is about the same size as the road network now maintained by the Pennsylvania highways department and compares with the approximate 100,000 miles of roads and streets in the Keystone state.

Authorized by the 1956 Congress the 25 billion dollar interstate system isn't due to be completed for 13-15 years.

On August 2, 1947, the Bureau of Public Roads adopted an overall pattern showing proposed general locations for routes to be included

"ONCE UPON KISSES"

Once upon some tender kisses . . . two young hearts began to sing . . . and the song was filled with rapture . . . so much splendor did it bring . . . once upon a magic moment . . . all the world seemed bright and gay . . . plans were made and vows were taken . . . on a joyful wedding day . . . once upon some tears and laughter . . . children joined the happy two . . . making life a thing of gladness . . . wherein golden dreams came true . . . once upon an autumn season . . . children left to seek their own . . . winter time then found the couple . . . in a peaceful temperate zone . . . once upon some tender kisses . . . memories entwined among . . . recollections of the bygone . . . made two aging hearts feel young.

in the system. No specific road was approved by this pattern map.

### Officially Authorized

Since then, upon request of the state highway departments, various precise locations have been officially authorized as part of the system. Only in this manner, with the state initiating action, can roads be approved for the interstate system and 90 per cent federal aid.

For Pennsylvania the general location map shows two east-west lines, one about 40 miles south of the New York border and the other across the southern third of the commonwealth paralleling the Pennsylvania Turnpike.

Intersecting these main links is one north-south route extending from the center of Susquehanna county on the New York line, to Scranton, then to Harrisburg and then to the Maryland border.

### Other General Locations

Other general locations — not specific routes — for interstate connections in Pennsylvania include: from Harrisburg to Easton; from Northeast to West Springfield, along the edge of Erie County and Lake Erie; from Scranton to the Stroudsburg region; from West Alexander to New Stanton through Washington, Pa.; from Washington northward to north of Pittsburgh; from Breezewood to the Maryland state line; and several connections in the metropolitan Pittsburgh and Philadelphia sections.

Since 1947, a handful of actual routes in Pennsylvania has been approved by federal authorities — upon request of the State Highways Department — for inclusion in the network. The department itself says it has no exact listing of these routes because "so many times part of a road is on the system and another part isn't."

However, Stinson's records show these roads already approved as part of the interstate, 90-10 aid system:

### Approved Roads

US 22, Harrisburg to Easton, 100 miles; US 11, Harrisburg to Maryland line, 75 miles; US 111, Harrisburg to Maryland line, 45 miles; US 31, New Stanton to Washington, 30 miles; and Pennsylvania 126, Breezewood to Maryland state line, 20 miles; and a small amount of mileage around Pittsburgh and Philadelphia areas.

The total is about 270 miles or 20 per cent of the overall 1,400 to be located in Pennsylvania. In addition Pennsylvania is likely to be authorized an additional undeveloped mileage from the extra 1,000 miles the 1956 Congress added onto the original 40,000 mile system.

At present, Stinson said, he doesn't believe requests for approval of any specific location or route has been forwarded by the State Highways Department.

### Government Payment

After the bureau approves a precise route or location the state must submit detailed construction plans to federal authorities. Then the government authorizes the state to advertise for bids.

When the awards are made, before work can start, the state must sign an agreement with the federal government covering the project. The state actually executes the work contract with the builder, receiving 90 per cent of the total cost from the federal government.

To date Stinson said Pennsylvania has not received any money under the new program although some work on previously approved interstate projects is being done.

Highways Department records show work progressing on several interstate-approved jobs. One is the relocation of US 31 between Washington, Pa., and New Stanton at the turnpike. All but two sections of the project will meet interstate standards, according to the Highways Department. Some sections are complete, others are under contract or construction.

### Parts of US 111 between York and the Maryland border also are being built as a link in the new freeway system. Although the northern section does not meet interstate limited access requirements, the Stroudsburg to North York and eight-mile York bypass sections will be limited access.

Where a designated and approved route such as US 22 east of Harrisburg does not meet interstate standards it must be improved. The highways department said it knows what has to be done to fit the roads into the program but is not ready to announce plans on whether it will relocate certain roads or rebuild them to the new standards on the present sites.

"As part of the construction of the interstate system," Stinson said, "US 22 as well as other approved roads will have to be made limited access by one means or another."

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg TimesTWENTY-FIVE YEARS AGO  
Buildings Unroofed, Trees Uprooted and Poles Blown Down During Heavy Gale: A gale of hurricane proportions swept a section of Adams county late Friday afternoon as almost the entire county felt the effects of the heavy electrical storm that accompanied the high wind. Heavy damage was caused in an area west of the Emmitsburg road and a few miles south of Gettysburg.

The heaviest damage was reported to have occurred at the farm of Allen Redding, Gettysburg R. D. 3 where barns, a garage and the house were all damaged by the high wind. Trees were uprooted and telephone lines blown down in the vicinity.

Mrs. Redding, who with members of her family was at their home Friday night at 6 o'clock during the height of the storm, declared the sky became as black as night so that it was impossible to see to the barn from the house. A tremendous gale swept by outside.

A garage constructed of brick and large enough to house a truck, tractor and a pumping outfit, was completely wrecked. The walls had been blown down, the roof carried away, and the entire structure reduced to shambles.

Nearby a long chicken house housing hundreds of hens was completely unroofed.

The back porch of the house was ripped away, while both barn doors were smashed, one being blown into the barn and the other carried away in the wind.

Donald W. Stoner To Teach Physics: Donald W. Stoner, Baltimore street, who was graduated from Gettysburg college in June, has just been elected to the position of instructor in the physics department at Washington and Lee university, Virginia.

Making Serum To Fight Ail: Paralysis: To prevent any possibility of an epidemic of infantile paralysis in Gettysburg the staff of the Annie M. Warner hospital is laying its plans now.

From victims of the disease, in Gettysburg and Adams county within the past twenty years or more, blood is being taken to be used in fighting infantile paralysis should it break out again here.

Three local victims of the malady have consented to give a pint of blood each.

After the blood is taken from an infantile paralysis victim it is made into a serum at the local hospital and put away to be used when the need arises. Recent researches have shown that blood taken from a victim of the disease and injected into the blood stream of a person in the early stages of the malady prevents the paralysis from disfiguring the victim.

No new cases of infantile paralysis have been reported here in the last five or six years.

Veterans Form New County Organization: R. E. Tipton, a veteran of the Spanish-American war, was elected president of the Adams county veterans association which was formed at a meeting of veterans of all wars at the American Legion home on Baltimore street Friday night.

John E. Slaybaugh, a world war veteran, was named vice president while Clyde L. Bream, world war veteran was named secretary and John L. Shoop, Spanish American war, treasurer.

Playlet Will Be Given Two Times: Two more performances of "The Great Commission", an original playlet by the Rev. J. Harold Little, which has been presented in a number of Adams county churches, will be given at the Gettysburg Presbyterian church Sunday night and the following Sunday at the Bender's church near Biglerville.

## Today's Talk

THE FRIENDLINESS OF BIRDS  
I cannot recall any time in which I wasn't interested in birds, their eggs, nestings, habits and call. They are among the most fascinating of all outdoor life. And they are especially friendly where they are fed and treated kindly. Many are the interesting stories of birds that have been tamed by those who loved them.

In a small apartment in New York City I once read of a sparrow that a man fed and with which he became so friendly that it would come into the apartment and perch on his hands. A year or so ago I read a little book by a woman who had a tame sparrow that followed her like a dog about the house and would find a place on her pillow at night and sleep there.

When I was a young boy in Michigan I drove a cow to pasture each day, to and from a most attractive field with a stream of water in it and many trees in which birds nested. I would sometimes stay for hours studying and admiring these birds. I found a wild young pigeon fallen from a nest and took it home, fed it, and brought it to full maturity. Finally I let it loose and each day it flew to the window ledge for food which I held in my hand and scattered about the farm.

At my summer camp there are warblers and sparrows that flit among the hemlocks, firs and small bushes. An interesting variety of these birds come within a few feet from where I sit on the veranda or lie in my hammock. I scatter seed about and they become very friendly and come to within a few feet from me, or perch upon the chairs or rustic decorations. What is it that makes birds, as a whole, fear man? When that fear is overcome, they trust man. They seem to have no fear of animals and will perch upon their backs.

I wonder where all this fear in the world comes from, anyway? Was it for the self-protection of animals, birds and man? A little love needed everywhere, it seems!

Tomorrow Mr. Adams will talk on the subject: "I Was There" Protected, 1956, by the George Matthews Adams Service

## Just Folks

A BOY'S COMPLAINT  
I ain't a coward; I kin stand  
A lot of pain, you bet;  
I ain't afraid of snakes an' toads  
Nor lickin' that I get.  
I ain't like girls that always has  
A lot of foolish fears;  
The only time I quake is when  
Ma goes to wash my ears.The dentist never frightens me;  
The doctor doesn't scare;  
I'll take his nasty medi-sun  
An' all his thumpin' bear.  
An' I don't run away and hide  
Becoz the pliceman nears;  
The only time I yell is when  
Ma goes to wash my ears.She grabs me round the neck, an' says,  
"You dirty little pig!"  
An' with the roughest towel she  
Begins to dig an' dig;  
An' I comence to howl an' shriek,  
An' I shed honest tears.  
I'd rather have a tooth yanked out  
Than have ma wash my ears.The poets sing of woman's love  
An' tenderness an' grace,  
An' rave about her kindly ways  
An' praise her gentle face.  
But then I guess they have forgot,  
Through all the length of years,  
How rough their mothers were at times.  
When washin' out their ears.

## ABA HEAD WARNS AGAINST LOSS OF PUBLIC RULE

DALLAS, Tex. (P)—E. Smythe Gambrell, president of the American Bar Assn., said Monday the rising concern for state and local rights pointed toward the ideal "that government should not be removed from the hands of the governed."

Gambrell, addressing the first general session of the ABA convention, said, "to the extent that we permit ourselves to be so dependent upon government... we defeat the very meaning of democracy and permit government to rule rather than to serve the individual."

Gambrell, an Atlanta, Ga., attorney, outlined what he called the new frontiers—physical, spiritual and intellectual—as "our constant challenge."

"We may well lose our will and our ability to cope with these challenges if we develop and accept the habit of being satisfied with the meager crumbs of material security which some form of benevolent government would dole out to us."

Critique Old Order  
Asst. Atty. Gen. George Cochran Dobb, chief of the civil division of the U. S. Justice Department, said a new executive order will limit the government's security program to sensitive positions.

The old order was criticized because it includes all government employees, including those in non-sensitive positions.

Another speaker, Charles P. Curtis of Boston, Mass., an attorney and chairman of the Board of Fellows at Harvard University, criticized the State Department for refusing to issue visas to 15 American newsmen invited to visit Red China.

He said the refusal was an example of the present security program's shortcomings. "I can't see where any principles are involved," he said.

"If it were because they are holding some Americans prisoner, I can think of no better way to harass the Chinese government than to have 15 American correspondents poking around and asking questions."

## Damaged Air Force Plane Limp Home

OTIS AIR FORCE BASE, Mass. (P)—An Air Force plane with 19 men aboard lost the use of two of its four engines while 450 miles at sea Monday night, but the damage was repaired in flight.

The engines of the giant Constellation radar plane apparently cut because of a short circuit, a falling Air Force man said, which was repaired from within the plane.

A Coast Guard plane had been dispatched from Quonset, Point Naval Air Station to escort the disabled craft to this base, but it was learned enroute that the stalled engines had been restarted.

The Air Force plane, which was on a routine patrol, landed safely.

## Constitution Party Will Name Andrews

FORT WORTH, Tex. (P)—The Constitution party was expected to name T. Coleman Andrews, former U. S. commissioner of internal revenue, as its presidential candidate today.

The party, which is fighting for the repeal of federal income tax laws, was expected to name Thomas H. Wardell of California as nominee for vice president.

Officials said Monday both Andrews and Wardell have indicated they will accept nomination. Andrews, who now lives in Richmond, Va., resigned his federal post in 1955 after two years as head of the nation's income tax system.

Neither man is attending the convention, which opened Monday with about 100 registered.

## SEEK WOMAN AS SUSPECT LINK IN ACID HURLING

NEW YORK (P)—Dozens of FBI agents and city detectives Monday scoured part of the Lower East Side in a hunt for a mystery woman "closely associated" with a suspect in the acid-blinding of columnist Victor Riesel.

Authorities declined to say whether the searchers had any luck finding the woman or picking up her trail.

Police are trying to track down the shadowy underworld power who ordered the attack on Riesel. U. S. Atty. Paul W. Williams said the attack and the gangland execution of the hoodlum who allegedly flung the acid were ordered by the same person.

## Woman Talks

Meanwhile, Mrs. Rose D'Argeo, 42, convicted of contempt of court for refusing to talk to a federal grand jury probing the Riesel case, reversed herself and answered the jury's questions.

Authorities refused to disclose what she had to say. But she was released from serving a six-month jail sentence for contempt.

In another angle, police sought to identify the body of a man found slain in gangster style near Westbury, Long Island. He had a bullet hole in his head and his hands were sawed off.

Police were trying to determine if it was the body of Louis Musto, 24, a hijacker who was reportedly a pal of Abraham Telvi, the dead thug said to have thrown the acid that blinded Riesel.

## WRITERS FLIT BETWEEN MEDIA; KERR JOINS TV

By CHARLES MERCER  
NEW YORK (P)—The neat compartments of the entertainment world are no longer very neat or even compartmentalized. Actors, producers, writers browse happily from one Elysian field to another—from movies to stage to television and back again.

This fact recently was underscored by the announcement that Walter Kerr, theater critic of the New York Herald Tribune, has joined the staff of the Ford Foundation's TV-Radio Workshop as drama consultant to "Omnibus." No police reporter turned reviewer is Kerr, but a profound student and passionate lover of the legitimate stage who has written one of the best books on play-writing entitled, appropriately enough, "How Not To Write a Play."

Having long noted a lofty attitude on the part of the Broadway critics' row toward the brash new medium of television, we arranged a parley with Kerr and learned with surprise that he has viewed a great deal of live television drama and has a highly favorable opinion of its better efforts.

In Advanced Stage  
"Television drama has advanced well beyond the stage where radio drama froze," he said. "It's surprising how much writing for television is above and beyond commercial hack work."

I'm happy to see TV drama showing a tendency to increase from 90 to 90 minutes. More than any other factor I can think of, that should help TV writers learn how to write their acts."

Nearly everyone has noted the frequent weakness of third acts in hour-length TV drama. There are various theories as to why, one of the most widely circulated being that the timing of the last commercial break cramps the final act.

Television viewing has not affected legitimate theater attendance—demonstrating, Kerr points out, that the two media are quite compatible and can serve to strengthen one another.

## FOUR DIE IN PLANE CRASH

SANFORD, Fla. (P)—Four persons including a 3-year-old child died when a two-engine Navy attack bomber plowed into two houses three blocks from a landing field Monday.

Sue Lowe, the child, was burned to death on the porch of the wrecked home where she lived with her parents, Mr. and Mrs. Lloyd Lowe. The Lowes and their son, David, 4, were hospitalized with severe burns.

The three-man crew of the bomber also died in the crash and fire that followed.

## Probe Fatal Crash Of Air Force Jets

VALDOSTA, Ga. (P)—A probe was underway Tuesday into the collision and crash of two T33 jets that killed four airmen at Moody Air Force Base.

The planes, one from Eglin AFB, Fla., and the other from Moody, were 200 feet from the ground and about 1,000 feet from the end of the runway when yesterday's collision occurred. The jets were coming in for a landing. Both burned after crashing.

## SAYS WORKERS ARE WELL-OFF DESPITE GOP

FOREST PARK, Pa. (P)—AFL-CIO President George Meany says the American working man is well off in spite of, rather than because of, the Republican party.

The 29-member Executive Council of the labor union organization Meany heads is meeting here this week to consider possible endorsement of candidates in the 1956 election campaign—a subject which may come up today.

But Meany, in talking with reporters Monday, took issue with what he said were contentions at the GOP National Convention last week that the Republican party is the party friendly to labor.

Not Responsible  
"What they said about the American worker never having it so good, that's true," Meany said. "But I don't think the Republican party did it."

Instead, he gave credit to "the good old American dynamic economic system, which is still running strong in spite of what the Republicans are trying to do."

The council took action against three member unions for alleged corrupt handling of union welfare funds.

In its strongest action, the council ordered the 25,000-member Distillery Workers Union to show cause why it should not be suspended. Further investigation was ordered into the affairs of the 72,000-member Laundry Workers Union and the 73,000 member Allied Industrial Workers, the former AFL Auto Workers Union.

Activities of the three unions had been investigated by a Senate labor subcommittee headed by Sen. Douglas (D-Ill.).

The three-man crew of the bomber also died in the crash and fire that followed.

## NASSER ARRESTS 2 BRITONS FOR SPY ACTIVITIES

CAIRO (P)—Egypt's sudden arrest of two Britons as spies threw new fuel Tuesday on the smoldering dispute with Great Britain—already threatening to burst into flame over the Suez Canal seizure.

Security police charged that the Britons and an Egyptian associate masterminded a spy network for British intelligence. The police said the ring leaders have incriminated four other Egyptians and that "others may be implicated."

The arrests added to tension stirred up by President Nasser's seizure of the Suez Canal Co. They seemed certain to increase sentiment in Britain for a tough policy toward Egypt—possibly including the use of military force.

## Both Businessmen

Held at the heavily guarded Interior Ministry were James Swinburn, business manager of the British-owned Arab News Agency in Cairo; Charles Pittuck, an official of the Marconi Radio-Telegraph Co., of Egypt; and El Sayed Amin Mahmud, the Egyptian.

Swinburn, about 50, has lived in Egypt almost 25 years. The Arab News Agency distributes news through the Middle East from the British agency Reuters. Pittuck is a second generation resident of Egypt and speaks fluent Arabic.

The arrests followed by a day the expulsion from Egypt of two British reporters and an American woman correspondent for a London daily, for unannounced reasons.

## Reading Names Dash As Traffic Manager

PHILADELPHIA (P)—The Reading Co. announced Tuesday the appointment of Edward L. Dash of Chicago, its Western freight traffic manager, as Eastern freight traffic manager. Dash succeeds Victor L. Pernier of Philadelphia.

The Reading said Pernier had resigned to become freight traffic manager at New York for the Central Railroad of New Jersey.

Dash is succeeded in Chicago by Harold E. Paul of Harrisburg, a division freight agent, who is succeeded by George M. Sassaman of Allentown.

## Pinza Will Leave Genoa On Sunday

CERVIA, Italy (P)—Enzo Pinza, star bass singer of opera, stage and screen, will be well enough to leave for the United States Sunday, his physician said Tuesday.

Pinza last Friday suffered what the doctor described as a mild heart attack at a villa he and his wife have rented. The physician, Dr. Celestino Schiavarelli, director of a local hospital, examined Pinza Tuesday and said, "Everything is going smoothly."

Dr. Schiavarelli said Pinza probably will travel in his own car on the 250-mile trip from this Adriatic village to Genoa to board a ship for the United States.

The doctor said that if the singer continues to rest, he will recover completely in a relatively short time.

## Woman Killed When Truck Jack-Knives

CLEARFIELD, Pa. (P)—A tractor-trailer jack-knifed into an oncoming auto on Rt. 322 Monday, killing Mary R. Parrish of Upperco, Md.

The truck driver, Donald Weimer of Everett, Pa., suffered a fractured shoulder.

State police said Weimer lost control of the big rig as it passed over a railroad grade crossing near Bigler, about 12 miles east of Clearfield. It smashed into a guard rail and jack-knifed before crossing the highway into the Parrish machine. The Parrish woman was driving alone.

## Pirates Beat Milwaukee 5-4; Dodgers Split With Chicago; Phillies, Cincinnati Win

By ED WILKS

Are Dale Long and the rest of Pittsburgh's short-lived heroes to become Milwaukee's pennant-block, just as the Pirates were to Brooklyn in 1954?

Brooklyn had edged to within a half game of first place in '54 and looked good and healthy with 10 games remaining against Pittsburgh in the last month and a half of the season. But the last place Pirates, who had lost 10 of their first 12 games with the Brooks, won five of those last 10, standing the Dodgers on end while the New York Giants copped the flag and the world championship.

The Pirates, who lost 12 of their first 18 games with Milwaukee this season, looked like the spoilers of old last night, coming from behind as Long hit a three-run homer to beat the Braves 5-4 and trim their National League lead to 1½ games over the Dodgers.

Braves, Cubs Split  
And except for the fact Brooklyn was playing a doubleheader in the only major league park without lights, the Dodgers might have been only a half game shy of the Braves today. The Brooks split the twinbill with Chicago's Cubs, winning the opener 6-4 on three ninth-inning runs, but losing the nightcap 4-3 when play was halted after 7½ innings by darkness.

In the American League, Mickey Mantle belted his 45th home run in New York's 4-0 victory over Kansas City in a game held to six innings by rain. The Yankees regained an eight game first place bulge as Cleveland lost at Baltimore 1-0. Chicago's White Sox split a pair with Washington, winning 5-3 after a 6-2 defeat. Detroit defeated Boston 6-3.

Score Four In Seventh  
Long's poke triggered a four-run seventh that tied the score for the Braves against Warren Spahn, seeking his 199th major league victory, had retired two men in the frame. Five straight hits set things up for the Pirates against the veteran southpaw. Dick Groat's infield single scored the clincher against rookie Bob Trowbridge in the eighth.

Elroy Face won it in relief of Dick Hall, who was tagged for Ed Mathews' 31st and 32nd home runs.  
Don Newcombe, working in relief for only the second time this season, won his 21st for the Brooks in the opener as Carl Furillo popped a fly that fell for a two-run single and broke a 3-0 tie in the ninth. In the nightcap, Gene Baker's 11th home run and a bases-loaded walk by reliever Ed Roebuck broke up a tie game in the seventh for the Cubs. Duke Snider, sidelined by a knee injury, pinch-hit his 36th home run.

Thirteen Home Runs  
There were 13 home runs in the NL yesterday and Frank Robinson's second of the night was the 1,000th of the season. Long's was 1,001 — 262 shy of the major league record the NL set last season. The Cincinnati rookie slammed two, his 33rd and 34th, while Ed Bailey added his 23rd to account for seven runs. Joe Nuxhall won his 10th.

Marv Blaylock, Solly Hemus and Richie Ashburn got the job done in a two-run sixth. Simmons won his 11th.  
YESTERDAY'S STARS  
PITCHING — Ray Moore, Orioles, gave up just four singles, struck out seven, walked two and didn't allow a runner past first base in 1-0 victory over Indians.  
HITTING — Al Kaline, Tigers, drove in three runs with a triple and homer in three trips for 6-3 victory over Red Sox.

Mantle's wind-blown shot came in the third inning with two on against Art Ditmar. It put him five games up on Babe Ruth's record-60 pace in 1927 — but the Babe hit his 45th and 46th in the same game. Bob Turley won his eighth with a two-hitter.

Cleveland and Baltimore each managed just four hits, but Ray Moore gave up only singles and didn't allow a man past first while winning his 11th for the Orioles. A single, balk and Bob Nieman's double scored the only run in the first off Hank Aguirre.

Chuck Stobbs counted a 13th victory for the first time in his 10 seasons of organized ball, checking the White Sox on seven hits in the opener. Jack Harshman, riding on homers by Dave Philley and Minnie Minoso and Ron Northey's two-run double, won his 11th in the second game.

Al Kaline drove in three runs as the Tigers beat Mel Parnell, Kaline's 24th homer led off a three-run sixth — in which Red Wilson shuffled home from first while the Red Sox disputed a decision at the plate. Frank Lary won his 14th with a five-hitter — including homers by Gene Stephens and Ted Lepcio.

## 1,612 GOLFERS SEEK BERTHS IN ALL MATCH PLAY

By THE ASSOCIATED PRESS

Results of the sectional qualifying rounds for the National Amateur golf championship again showed that America has no take-charger player like Bob Jones and Lawson Little were in their heyday. But it does have a lot of good amateur golfers.

Billy Joe Patton and little Joe Campbell made bids for a place at the top when they set the pace for the 36-hole sectional tests with 137 scores. But they have fallen a bit short in the past and still have to earn the top spot.

The task of reducing the record entry of 1,612 players to a manageable field of 200 for the all-match-play tournament at Lake Forest, Ill., Sept. 10-15 was completed yesterday. Sectional rounds at 27 locations filled 159 places. Earlier 32 others had qualified at three places and nine were exempt from the sectional tests.

When the firing ended, the colorful but often erratic Patton had a 70-67 score and Joe Campbell, the little Indiana towhead who battled to the quarter-finals last year had a 72-65. A stroke behind them came Bill Campbell, the Walker Cup team captain with 71-67 and 138 and 20-year-old Bob Shave Jr. of Cleveland, 68-70-138.

The field at Lake Forest also will include all but one of the members of Bill Campbell's 1955 Walker Cup team, last year's amateur runner-up, one semifinalist and three other quarter-finalists. Most of the bright young men who have been creating golf headlines for the past year or so also will be on hand.

Jimmy Jackson was the only Walker Cupper who failed to qualify. Harvie Ward, the defending champion, and Joe Conrad are among the nine exempt players. Patton, Bill Campbell and Don Cherry qualified yesterday and Dale Morey, Bruce Cudd and Dick Yost on Monday.

Tall Bill Hyndman, who took a drubbing from Ward in last year's final, led his field at Philadelphia.

## 3-RING CIRCUS IS STRANDED

MACON, Ga. (AP)—A new three ring circus formed with equipment and animals from the bankrupt King Bros. Circus of Macon is now stranded in New Jersey.

Paul M. Conaway, attorney for the new Esma Maley Combined Circus Inc., reported last night that the outlook for future operations appeared "very dim."

He said the show was at Penn's Grove, N.J., and would remain there until other plans could be made.

Two Macon businessmen, whose names were not revealed, and Mrs. Esma Maley, wife of Arnold Maley, former manager of the King Circus, formed the new circus early this month with authorized capital of \$25,000.

Conaway said the show opened at Stroudsburg, Pa., Aug. 18 with a new \$10,000 tent and a capacity audience. However "what looked like a remarkable rejuvenation," he said, quickly hit a snag when the show was unable to keep future engagements.

He quoted circus backers as saying that lack of help and department heads made it impossible for the circus to show at Burlington, N.J. In the following days the circus arrived too late or was incomplete for performances at Westville, Hammonton and Penn's Grove, all in New Jersey.

Calhoun Battles Webb In Chicago  
CHICAGO (AP)—Unbeaten Rory Calhoun of New York and Spider Webb of Chicago clash in a 10-round middleweight bout at Chicago Stadium tonight.

The fight will be nationally televised (ABC, 9 p.m. EST). Calhoun, 22-year-old former dishwasher who will be seeking his 24th straight victory, was an early 9-5 favorite.

Frank Gilmer, chairman of the Illinois Athletic Commission, said the five-point scoring system will be introduced in tonight's fight. Heretofore, the 10-point system had been used. The winner now gets five points and the loser four or less.

## Argon And Andrade Fight In Los Angeles

LOS ANGELES (AP)—A long standing hometown feud comes to the exploding point tonight when Art Argon and Cisco Andrade meet in a 10-round outdoor fight at Wrigley Field.

Some 15,000 highly partisan partisans are expected to pay \$100,000 or more to see the action, putting Argon, a ranking welterweight, against the nation's No. 1 lightweight title contender, the Cisco Kid.

Argon is the betting favorite. There will be no television.

## Power Failure Halts State Legion Play

ALLENTOWN, Pa. (AP)—The Narberth — Palmerton game in the double elimination American Legion State Baseball Tournament resumes here today after a power failure forced its suspension in the fourth inning last night. Narberth was leading 3-1.

Four teams were eliminated in yesterday's competition. They were Columbia (Dist. 7), New Berlin (6), Republic (10), and New Castle (11).

Eight teams remain in the tournament with the winner expected to be named by Friday.

Palmerton (4) defeated Republic, 11-0; Leesport (1) downed New Berlin, 7-5; Chelton Hills of Philadelphia (8) stopped New Castle, 5-0 and Weedville (12) beat Columbia, 3-2, in morning games yesterday.

In afternoon contests, Allentown Lentz Post (3) edged Columbia, 3-2; Leesport beat Phillipsburg (9), 5-3, and Chelton Hills beat Allison Hill, 2-1.

## Joe Brown Is Named "Fighter Of Month"

NEW YORK (AP)—Joe Brown of New Orleans, who outpointed Wallace (Bud) Smith for the lightweight championship last Friday night, was named "Fighter of the Month" today in the latest rankings by Ring Magazine.

Dulio Lol of Italy held onto the challenger's role in the 135-pound class while Cisco Andrade retained the No. 2 position.

The only other prominent changes came in the bantamweight division as the result of the retirement of former champion Robert Cohen. Each of the fighters below him, from fourth to tenth, advanced a notch and the No. 10 place was taken over by a newcomer, German Ohm of Mexico, who has lost only one fight in two years.

Cardinals Take "Title" Contest  
The Cardinals won the Little League "championship" of Arentsville by defeating the Pirates 4-1 Monday evening.

During the regular Upper Adams Little League season the teams had divided in their four games.

Following the game both squads were treated to hot dogs, marshmallows, ice cream and soft drinks at a party in the recreation room of the Arentsville Bank.

ALGIERS (AP)—The French claimed their troops killed at least 13 rebels yesterday in scattered clashes in Algeria. Nationalist grenade attacks on cafes, a train derailment and an attack on an Algiers police box took the lives of 3 persons and wounded 29 others.

## TWO LEADERS FORESEE BRAND NEW ERA AHEAD

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP)—An era ended and another began in 1932. Now, 24 years later, the two presidential candidates of 1956, President Eisenhower and Adlai Stevenson, see a brand new era ahead.

But there is a difference between the way the Democrats and Republicans approached the new era in 1932 and the way Eisenhower and Stevenson look forward to the years immediately ahead.

In 1932 the Republicans drowning in the great depression, lacked fresh ideas. That same year the Democratic platform was short and direct. It promised action of a new kind on many fronts. The Democrats won. They changed the course of American life and established definitely the principle of government responsibility for the general welfare.

Contest Of Ideals  
President Herbert Hoover, running for re-election against Franklin D. Roosevelt, said: "This campaign is more than a contest between two men. It is more than a contest between parties. It is a contest between two philosophies of government."

"Our opponents . . . are proposing changes and so-called new deals which would destroy the very foundations of our American system . . ."

Roosevelt saw it otherwise. Accepting the Democratic nomination, he said: "I pledge you, I pledge myself to a new deal for the American people." And later: "The country needs, and unless I mistake its temper, the country demands, bold, persistent experimentation."

New Deal Reforms  
There followed under Roosevelt the long list of New Deal programs and adjustments in American living: Social Security, the Wagner Act, the 40-hour week controls over business, the reciprocal trade law.

Much that seemed radical in these programs at the time — or was called radical — actually had roots in federal or state programs enacted into law in related fields years before. And the New Deal social programs, instead of being new, were only bring the United States abreast of the advanced

For years afterward Republicans fought, in whole or piecemeal, the New Deal and later the

## Drop "Lip Slipping" \$64,000 Quiz Emcee

NEW YORK (AP)—Sonny Fox, the master of ceremonies who kicked up a fuss last June when he inadvertently gave away half an answer on CBS-TV's "The \$64,000 Challenge," has been dropped from the quiz show.

CBS announced Monday that Ralph Story, a Los Angeles radio disc jockey, has been signed to replace Fox starting with next Sunday night's program.

The network gave no reason for dismissing Fox. He will continue to do a CBS Sunday noon show called "Let's Take a Trip."

## VANDERBILT HEIRESS WEDS TV DIRECTOR

NEW YORK (AP)—Millionaire Gloria Vanderbilt, onetime "poor little rich girl" of Park Avenue, was married Monday to a television director who grew up on the lower East Side.

Miss Vanderbilt and Sidney Lumet, both 32, were married in a surprise ceremony. It was her third marriage, his second.

She was previously married to Hollywood agent Pat DiCicco and white-haired orchestra conductor Leopold Stokowski. Lumet's first wife was movie actress Rita Gam.

The newlyweds postponed their honeymoon. Miss Vanderbilt, now an actress, is appearing nightly in a play at a Millburn, N.J., summer theater.

The marriage was performed in the West 72nd St. apartment of playwright Sidney Kingsley.

Lumet directed Miss Vanderbilt when she played last year in a summer stock production of "Picnic."

Continue Careers  
"We are both going on with our careers," she said.

The bride, a great-granddaughter of railroad magnate Cornelius Vanderbilt, hit the headlines in 1934 as a "poor little rich girl" entangled in a bitter custody fight between her aunt and mother. The aunt won.

Miss Vanderbilt inherited five million dollars on her 21st birthday.

She married DiCicco in 1941 when she was 17. She divorced him four years later. In 1945 she married Stokowski, who was 37 years her senior. That marriage ended in divorce last October. She won custody of their two children.

"Fair Deal" which was an extension of it. In time they recognized — but not too clearly until Eisenhower became president — that the New and Fair Deals were simply bringing the United States up to date, and laying the basic foundations for the future.

Adopted Systems  
Under Eisenhower the Republicans adopted basic programs of both the New and Fair Deals and even extended them. Thus both parties are abreast of each other and in that sense an era has ended, for the New Deal and Fair Deal programs have become a broad foundation for the future.

Neither party is offering now — as Roosevelt did in 1932 — broad new fields of experimentation. They are accepting what has been done in the past and proposing to extend it. Neither party's program this year offers anything which essentially is different from the other's.

So at midcentury both parties, standing on the broad base already laid, are pulling in the same direction.

## MEN'S CLOTHES TO COST MORE; KNICKERS BACK

By SAM DAWSON

NEW YORK (AP)—The semiannual drive to get men to dress better — or, rather, to spend more on clothes — is getting underway today on several fronts. Some in the apparel industries are taking tips from fashions of 30 years ago. Some are looking to the latest in blends of man-made and nature-made fibers.

Retailers are set to promote their fall lines come Labor Day with its return to school, college and office. And the fall lines in most cases carry higher price tags than last year, with rising labor costs blamed by the manufacturers.

What the price tags will be a year from now may be indicated shortly in Australia where the wool auctions open today.

Show Spring Clothing  
Clothing manufacturers, meanwhile, have turned their backs on the new fall lines the stores are showing. They will start displaying their next spring lines this coming week and announce the new prices. Chances are suits will go higher. Already there's a prediction that men's shirts will go up five per cent by spring.

The drive to coax more money out of the males will bring out a number of special weeks in the next month or so. With National Denim Week just behind, the industry turns to flossier items, coming up are Felt Hat Day, Sweater Week, National Tie Week and National Hat Week. There won't be another such concentrated effort until next June when Father's Day will kick off National Bow Tie Week.

Natural fibers have been staging a comeback and man-made fibers have been in a slump.

Back To Knickers  
Men whose memories go back before the days of the so-called miracle fibers will get a nostalgic twinge out of drives to revive such fashions of the '20s as knickers and white flannel trousers worn with double breasted blue blazers and to turn the recent fad for caps into a full-fledged revival.

The newly formed Cap and Cloth Hat Institute looks to the suburbanite, the open sports car driver and the college boy to help cap sales push to a new sales record. The old one of 55 million caps was set in 1927. Ten years later only gangsters in the movies seemed to be wearing caps and sales slumped disastrously. They were back to 45 million in 1954 and 1955, with the big revival coming this year.

So, Carolinians To Support Ticket  
COLUMBIA, S. C. (AP)—South Carolina Democratic leaders voted Monday to support the national ticket without reservations for the first time since 1944, as a state convention approved a resolution calling for placement of Adlai Stevenson and Estes Kefauver on the November ballot.

An insurgent group of about 100 persons met later to express opposition to both the Democratic and Republican party platforms, including . . . any endorsement of the U.S. Supreme Court decisions relating to segregation of the races; and any attempt to extend the jurisdiction of the federal courts."

## MARTIN SCORES DEMOCRATIC AID

SAN JOSE, Calif. (AP)—Rep. Joseph W. Martin, Republican leader in the House, Monday night denounced assertions that Democrats in the 84th Congress cooperated with President Eisenhower.

The Massachusetts solon asserted "on issue after issue—24 major issues in all—the Democratic 84th Congress recorded majority opposition to the President's program."

"It delayed enactment of a much-needed new farm program, it refused to act on the President's civil rights program, it refused the President his school construction program."

"It long delayed action on President Eisenhower's massive road building program. For the good of the country, the people should remember the record when they vote in November."

Martin spoke at a \$100-a-plate dinner for the United Republican Finance Committee of Santa Clara County.

Majority Wants Board  
Eighteen of the 22 nations proposed that an international board run the 103-mile canal. A minority plan, submitted by India and supported by the Soviet Union, Ceylon and Indonesia, would leave the canal under Egyptian control and provide an international board with advisory powers only.

Dulles said that on the very morning he was trying to explain a U.S. proposal for peaceful settlement to Soviet Foreign Minister Dmitri Shepilov in London, Soviet propaganda was carrying on a vicious campaign among the Arabs against a settlement between Nasser and the West.

The Soviets argued that the plan advocated by Dulles—and finally accepted as the majority plan—was simply a device for reimposing colonialism on Egypt.

## DULLES SAYS REDS PREVENT SUEZ SOLUTION

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Secretary of State Dulles said Tuesday Russia has been waging a propaganda campaign to make it extremely difficult for Egyptian President Nasser to negotiate a satisfactory settlement of the Suez Canal crisis.

Dulles told a news conference that Nasser's agreement Tuesday to receive a committee from the recent London conference to talk about the Suez problem constitutes a contribution toward a peaceful solution.

The Soviet Union, Dulles said, stood out alone among the 22 nations as a country which was not trying to find a way to reach a peaceful solution.

# DEMS PLAN TO MAKE BIG FUSS OF IKE'S HEALTH

WASHINGTON (AP)—The Democratic National Committee is providing its speakers and workers with information on what it expects to be campaign issues—including the state of President Eisenhower's health.

"There is no doubt that President Eisenhower's health is going to be an issue in the 1956 campaign," it says, "for the President himself has made it an issue."

Democratic views on Eisenhower's health, leadership, attitudes and appointments make up only a part of the "1956 Democratic Fact Book" being issued from the party's headquarters here. As other major items it discusses agriculture, taxes, small business, public power, "the giveaways" and other subjects already used in numerous political speeches.

"Risk Appraisal"

Referring to Eisenhower's operation last June, the booklet says "the standard insurance manual 'Risk Appraisal' describes ailments

as 'serious' and advises against disability insurance for sufferers from it.

The booklet lists from various other sources rates of recurrence for the disease. The White House, replying to previous mentions of similar date, has said recurrence is rare in a person of Eisenhower's age, 65 years.

The Democratic book said Army regulations list among "nonacceptable defects" a heart ailment of the type Eisenhower suffered last September, and added "the President, as commander-in-chief, obviously carries much greater burdens and responsibilities than does the ordinary commissioned officer."

NEW YORK (AP)—Playwright Arthur Miller arrived by plane from London Monday and said "No, I won't change my mind" and name fellow writers with whom he attended Communist party writers' meetings in 1939 and 1940.

Last month the House voted a contempt of Congress citation against Miller. When he had appeared before the House Un-American Activities Committee, Miller denied ever being a member of Communist front groups.

Miller left his bride, Marilyn Monroe, in London where she is making a picture.

# POOR SCHOOL AREAS PAY RENT WITHOUT FAIL

HARRISBURG (AP)—Financially distressed school district—considered by some as the worst credit risks in bond financing—measured up to a different role Tuesday.

It was a role of paying their obligations to the State Public School Building Authority in the past seven years without a single default.

"Not a single default in payment of rent has occurred," said Executive Director Russell C. Bartman. "This fact tends to disprove the concept that a school district which is unable to finance a project within the constitutional borrowing limitation is a poor investment risk."

**Construction Projects**

The authority, in its annual report, noted that it had completed or had under construction as of last May 31 a total of \$112,686,377 in school construction projects.

# 2 Saved As Tanker Refuels Small Boat

POINT PLEASANT BEACH, N. J. (AP)—Two men arrived at Manasquan Inlet Monday at midnight aboard a 26-foot skiff refueled by a tanker at sea after tossing about without gas since Sunday.

Joseph Fine and John J. Wrenn both of Philadelphia, left Beach Haven Park Sunday in the skiff, the Jo-La-La.

They ran out of gas while fishing off shore and the Coast Guard launched an air-sea search for them Sunday night.

The tanker M. L. Sylvia yesterday radioed the Coast Guard at Atlantic City that it had found the skiff about 21 miles east of here and some 25 miles north of the spot where it was believed to be.

The tanker refueled the distressed boat and sent it on into the inlet here.

Gas utility and pipeline companies are spending \$1.6 billion for new construction in the U.S. in 1956.
